

DeLaval Rubber Coverage R24P

For comfortable and confident walking

DeLaval rubber coverage R24P has a triangle high-grip surface and is ideal for use in milking parlours, collecting yards, feedpads, walkways and passageways.

The rubber mat provides a comfortable and confident walking surface for cattle, enhancing cow comfort and welfare. This, in turn, reduces lameness and associated veterinary and healthcare costs.

DeLaval Rubber Coverage R24P

Benefits

Provides cows with **maximum grip** and **confidence**

The triangle high grip surface allows for maximum grip which ensures cow confidence whilst walking on the mats as they are not afraid of slipping

Provides **superior cow comfort**

As the cows are more comfortable on the high-grip surface, reducing slipping, this results in increased cow comfort and welfare, which in turn reduces lameness

Better locomotion and **natural gait**

As the cows are comfortable on the mats, they are more confident and will travel faster across them

Very easy to install and **clean**

The mats are suitable for DIY installation and can be easily cleaned with water or a brush scraper

Technical Details

Material

Natural rubber compound

Weight

53kg/piece

Hardness

Shore A 68 to 69

Dimensions

1800mm (L)
1086mm (W)
24mm (THK)

Tensile elongation

240% to 245%

Tear strength

5.3 to 5.5 MPA

Upper side

'Triangle' high grip profile

Warranty

5 years
